

Dear Resident,

Over the past few years Linton Parish Council has been establishing the need for allotments and contacting landowners with respect to available land, and to look for suitable sites. You will be aware that the Parish Council is currently considering two possible allotment sites in Linton. It has been a long and difficult process to reach this point and there have been objections. We must provide clear, documented evidence of need. We also need to clarify and confirm the area of land we will require for allotments. Therefore we would ask you to confirm your potential interest in taking on an allotment plot by completing and returning this form as soon as possible.

If you are aware of any other resident who is interested in having an allotment in Linton, who has not expressed an interest with the Parish Council, please urge them to contact us. It is very important that the Parish Council has clear evidence of the number of allotments required.
